

Conserved Genes Up at Stage 1

Biological Process

GO:0007275, multicellular organism development

GO:0006355, regulation of transcription, DNA-templat

GO:0000165, MAPK cascade

GO:0045944, positive regulation of transcription by

GO:0051241, negative regulation of multicellular

GO:0051093, negative regulation of developmental

GO:0000737, DNA catabolic process, endonucleolytic

GO:0048638, regulation of developmental growth

GO:0006597, spermine biosynthetic process

GO:1904668, positive regulation of ubiquitin
